INDEX OF SURNAMES

COMPILED BY JOAN THIRSK

This is a complete index of all names appearing in the Kent Feet of Fines - Henry VIII. It lists wives with their husbands whenever they are so listed in the fines themselves, and an ampersand always joins them. Otherwise, women appear separately.

Alternative spellings for the same surname are combined in simple cases, and the alternative forms are shown by the bracketing of any additional letter or letters. More complicated alternative forms are not combined, and the *user of this index should scan it carefully for possible alternative spellings of the same name.*

Indications of status, such as gent, esq, etc., are also bracketed when the designation occurs in some entries but not in all.
